

## Things to remember:

- Only American made cars will be allowed on the parade route. UAW Volunteers will be checking all vehicles. American made vehicles have a **VIN number that begins with a 1, 4, or 5.**
- Please remember to bring trash bags. The good people at John Deere Harvester Works have for many years allowed us to use their facility for our parade. Let's not take advantage of this relationship.  
**Keep it clean, keep it safe!**
- Bring water, juice, and snacks. Come prepared for a lot of sun and heat exposure! **It will most likely be hot!**
- The Quad City Labor Day Parade is open to everyone, as long as you pay the proper entrance fees. **Please be courteous to your neighbors**, even if you don't agree with their beliefs, politics, etc
- **Be kind and respectful to the Labor Day Parade Volunteers**, as they are here to help us all have a great, safe, and fun Labor Day celebration. You will be instructed where to line up the day of the parade—**please be patient!**
- **Smile and relax, Labor Day is YOUR day!** Also, take plenty of photos and share them on our facebook page “Quad City Federation of Labor, AFL-CIO” or email them to us @ [solidarity@quadcityfed.com](mailto:solidarity@quadcityfed.com)
